**Student Safety #1, Fiscal Responsibility Watch Dog, Recruit the best teachers possible!**

Jeff will:

Address the waste and abuse of taxpayer money. Require fiscal responsibility: he's your watch dog!

As a retired Police Sergeant with two degrees in Law Enforcement (with honors) & Criminal Justice, he will make student safety his #1 priority.

Jeff will push hard for an independent watch dog to curtail the runaway costs of school building.

Jeff will push hard for land transfers so that the land for schools may be free.

Jeff has taught recruiting nationwide including twice for the Clark County School District and he will push innovative ways to attract and retain the best school teachers possible.

Jeff wants a lean administration and more teachers and he demands leadership that is Exceptional, not marginal or acceptable.

As a retired USAF (Reserve) Officer, Jeff believes in the Core Values of "Integrity First, Service Before Self and Excellence in All We Do."

Removing our schools from the bottom of the list will require leadership, innovation, thinking "outside the box" and an open mind to best practices.
