

WASHOE COUNTY PREDICTS OUTCOME OF FUTURE BOARD (BCC) MEETING AS POSTED ON OFFICIAL WC WEBSITE*

*Maybe they can help me with my stock pics and
Superbowl bet.

**On November 5, 2024, Washoe County voters will decide
whether to extend a 30-year tax override dedicated to
acquiring, constructing, improving, maintaining and
operating Washoe County Library System.**

<https://washoecountylibrary.us/about/expansionfund.php>

What happens if the library expansion fund initiative fails:

Washoe Librarians will be laid off.

Washoe Libraries book budget will be eliminated.

Washoe Libraries technology budget will be eliminated.

This prophetic post is bound to disappear soon but we got it. Warning: don't hit the 'Post' button too soon before the sham so-called public meeting is held. As of 1-28-24 an official Washoe County website tells us that there will be a ballot measure for property taxes before it is ever approved by the County Commission. Anyone surprised? It not only does that but it tells us exactly what will happen if we don't vote yes. I thought that was a Commission and County Manager decision based on budgets, revenue, grants, general fund etc again at an open public meeting. My bad. RenoTaxRevolt.com
